

Project Information Sheet

PROJECT DESCRIPTION

The project will include the replacement of concrete girders and a timber cap on the Highway 6 bridge over the Barrier River Overflow, south of City of Melfort.

PROJECT DETAILS

- The Bridge Number for this project is 218-42-21A.
- This work will be carried out internally by the Ministry of Highways' Bridge Crew.
- The anticipated timeline for this project is **August 4, 2026**, to **September 11, 2026**.
- The public can expect delays and disruptions to their normal schedules. During bridge repair, traffic will be limited to a single lane with reduced speed limits and occasional traffic stoppages limited to one hour. Traffic lights will be placed to accommodate one lane traffic. Installed traffic signs will be inspected and maintained by qualified personnel throughout the duration of the project.
- The estimated total cost of this project is \$0.2 million, including materials, construction engineering, and PST.
- This is an Expense Program project in the Northern Maintenance Region.
